English preparatory programs for 2024/2025 academic year

The yearly course is 600 hours.

These programs are designed for applicants who would like to improve their English skills from pre-intermediate to advanced level and also for those who would like to apply for our BA programs, but do not yet have the required level of English knowledge to start the chosen program. The English language courses will help you to improve your professional language skills in order to meet the level required for our degree programs.

Topics covered: General English skills, Specific English terminology, Business English.

Positive final exam will qualify a candidate to be enrolled in one of English taught programs.

No language proficiency certificate is required.

The minimal level of English required to begin the course is A2.
