... ARE YOU READY FOR IT?

If you're arriving in Poland to begin your international journey, a warm welcome to you!

If your destination is our campus in Kraków, then you will most likely land at the John Paul II Kraków-Balice International Airport. This airport is larger than Katowice Pyrzowice and provides a range of facilities and services to accommodate travelers. It features a modern and efficient

layout, making navigation through its terminals straightforward for newcomers. From the airport, you can access various transport options, including train, bus, and car services.

It's important for all international arrivals to remember to keep their travel documents accessible at all times to ensure a smooth entry process during checks.

Living in Poland remains quite affordable for students compared to other European Union countries.

TRANSPORTATION IN POLAND

WSB University

www.wsb.edu.pl/en

WHICH POLISH PUBLIC TRANSPORT IS THE BEST FOR YOU?

Most Polish cities have well-developed networks of public transport. Depending on the city and region, they include buses, trams, trolleybuses, trains, and metro.

The most common mode of transportation is **bus and tram inside the city** (metro in case of Warsaw), and **bus and trains between cities or inside of a metropoly**. So that would be the best solution for Kraków.

Silesia region - home to the main campus of WSB University - is a metropoly, hence being able to **use all three modes of transport is highly recommended**. Especially for students living outside of Dąbrowa Górnicza.

WSB University's International Student in Funzeum (Gliwice city).

Most cities have these three organised under one provider which makes the purchase of tickets far easier. In Silesia the responsible entity is ZTM. There are several offices situated all over the Metropoly with some of the main ones being:

- plac Szewczyka 2 Dworzec PKP, 40-098 Katowice
- Poczтовая 10, 40-002 Katowice

All information about the lines, their schedule and destination one can find on the official website here: <https://www.metropoliaztm.pl/en/>

In Kraków, the public transport system is similarly comprehensive and well-developed, offering an extensive network of buses and trams that efficiently connect different parts of the city. Unlike the Silesia region, which benefits from a metropolis-wide integrated transport system managed by ZTM (Zarząd Transportu Metropolitalnego), Kraków's public transportation is operated by MPK Kraków (Miejskie Przedsiębiorstwo Komunikacyjne w Krakowie).

- ul. Św. Wawrzyńca 13, 31-060 Kraków

MPK Kraków manages the city's buses and trams, providing convenient and reliable service within Kraków and to some areas beyond the city limits. **Tickets for Kraków's public transport can be purchased from kiosks, ticket machines located throughout the city, and directly from drivers in some cases.**

For intercity travel or moving within the larger metropolitan area, residents and visitors use buses and trains operated by various providers, including PKP (Polskie Koleje Państwowe) for

trains. Similar to the Silesia region, the integration of services under one provider in Kraków simplifies the ticket purchasing process, although the specific entity and ticketing options differ.

TRAINS IN KATOWICE

Katowice, together with 40 nearby cities and municipalities, is part of The Metropolitan Association of Upper Silesia and the Dąbrowa Basin, also called Silesian Metropolis. The connection in the Metropoly is well developed and in some cases it's even possible to travel via train to a different part of the city, just like with trams or busses.

In order to travel inside of the Silesian region we recommend using Kolejne Śląskie - Silesian Railways.

The tickets can be found and bought here: https://bilet.kolejeslaskie.com/bilet_relacja.jsp

Or via applications like:

- SkyCash
- KOLEO
- JakDojade

The main office is situated in:

- ul. Raciborska 58, 40-074 Katowice

The price of the tickets depends on the distance.

TRAINS IN KRAKÓW

In Kraków, the public transport system operates under a similar comprehensive network, primarily consisting of buses and trams managed by MPK Kraków (Miejskie Przedsiębiorstwo Komunikacyjne w Krakowie). While Kraków does not offer the same intra-city train service as the Silesian Metropolis, it provides extensive coverage of the city and its outskirts, ensuring reliable connectivity.

For regional travel, residents and visitors can rely on PKP (Polish State Railways) for train services that connect Kraków with other cities and regions. Tickets for both MPK Kraków and PKP trains can be purchased at stations, online, or via applications such as:

- SkyCash
- KOLEO
- JakDojade

The main bus and tram ticket office in Kraków can be found at the central transportation hubs, including the main train station (Kraków Główny).

PKP

Trains that travel between the regions (i.e. Katowice - Kraków) are mostly operated by PKP InterCity. However other providers can be found as well.

Their website and tickets can be found here:

MONTHLY PASS

Akademia WSB

Dąbrowa Górnicza, Kraków, Cieszyń, Żywiec, Olkusz, Gliwice, Tychy

WSB University

www.wsb.edu.pl/en

Tip for students:

If you want to buy the students pass firstly make sure that you have your student ID card and that it has a valid sticker on its back. Without the official sticker from the University your student card is not active and in such you are not eligible for the discount and will have to pay the full price for the ticket. Don't forget to always carry your student ID with yourself!

HOW TO BUY A MONTHLY PASS FOR BUS/TRAM/TRAIN IN SILESIA METROPOLY?

We recommend buying a monthly pass in one of the customers centers of ZTM.

The main document you will need is your international passport and a valid travel permit (Visa, Residence Permit, etc). In the ZTM office most of the employees speak English and such you should not have any trouble with communication. Kindly inquire about the card and choose from such options as: **bus, tram, bus and tram joined, and so on.**

Afterwards, follow the instructions given by the staff. You will be notified on where and when you can pick up the prepared card and how to use it.

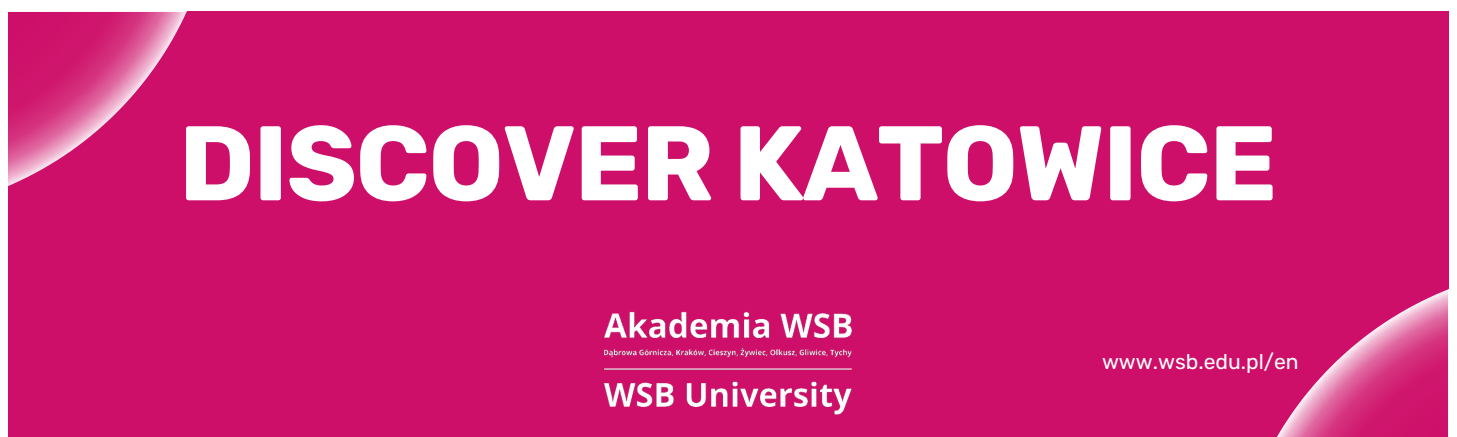

Important: Your pass should cover 3+ cities for your convenience.

HOW TO BUY A MONTHLY PASS FOR BUS/TRAM/TRAIN IN KRAKÓW?

To utilize the public transportation system, it's necessary to buy a ticket. An option available to you is a monthly pass known as the KKM, short for Krakowska Karta Miejska, or Cracow's City Card.

KKM tickets, or Cracow's City Cards, are available exclusively at Public Transportation Ticket Offices throughout the city. The closest ticket office to the WSB University can be found adjacent to the local bus station, located within **Galeria Krakowska Mall, near the Dworzec Główny Wchód stop**. Additionally, tickets can be purchased in the **Cracow Old Town at Podwale 3/5 street**, directly across from Jagiellonian University.

If you need to reload your card for further use (e.g. for the next month), you can do this conveniently at a ticket machine. The closest machine to the University is located at the tram stop on Rakowicka Street.

14 UNESCO WORLD HERITAGE SITES

Poland is a historical country with 14 UNESCO World Heritage Sites and a collection of breathtaking natural sights - mountains, national parks, beautiful coastlines and cities, and some unexpected natural wonders such as the world's oldest salt mine, and many others.

WSB University recommends our students to visit some of the most famous places in the region, to learn its history and to discover Poland.

Wieliczka Salt Mine - situated near Krakow it is one of the older salt mines in the world. The underground Wieliczka Salt Mine boasts kilometres of walkways and ramps, magnificent chambers, lakes and breathtaking salt statues making a visit to this wonder a must for all those staying and visiting Poland.

Official website - <https://www.wieliczka-saltmine.com/>

Morskie Oko Lake, Tatra National Park - The Eye of the Sea lake is truly a wonder of nature, pleasing the eyes of visitors with a range of colours and reflections present on the wind-blurred surface of the lake. Located 1,395 metres over the sea level, hovered over the famous winter resort of Zakopane, Morskie Oko has been hailed the best hiking spot of Poland for a reason. Nature at its best!

Auschwitz-Birkenau Camps, Oswiecim - Located near the industrial town of Oświęcim in southern Poland (in a portion of the country that was annexed by Germany at the beginning of World War II), Auschwitz is a death camp: a prison camp, an extermination camp, and a slave-labour camp. It is the most lethal of the Nazi extermination camps. A place where history is right in front of everyone eyes. A place which all human beings have to visit at least once in their lives. Official website - <https://www.auschwitz.org/en/>

Warsaw Old Market Place, Warsaw - Warsaw's Old Town Market Place (Polish: Rynek Starego Miasta) is the center and oldest part of the Old Town of Warsaw, capital of Poland. Immediately after the Warsaw Uprising, it was systematically blown up by the German Army. After World War II, The Old Town Market Place was restored to its prewar appearance.

Palace Of Culture And Science, Warsaw - stands as a striking example of socialist-realist architecture. This iconic building, the tallest in Poland, was a "gift" from the Soviet Union to the Polish people, completed in 1955. Designed by Soviet architect Lev Rudnev, it is a blend of Polish historical architecture and Soviet monumentalism. The Palace houses theaters, museums, offices, and a conference center. Its terrace on the 30th floor offers a panoramic view of Warsaw, making it a popular tourist attraction. Despite its controversial origins, the Palace of Culture and Science has become a symbol of Warsaw and a testament to the city's resilience. Official website - <https://pkin.pl>

- **Shops are closed on Sundays** (Except Żabka but don't worry - you can find it in every corner of the city... Like... We really mean it... Every, Single, Corner.)
- **Install a transport app** - We highly recommend installing the Jakdojade app on your smartphone. It not only helps in buying tickets but also in navigating the city's public transport system efficiently.

- **Check the schedule** - Especially if you're arriving late at night or early in the morning, check the schedules of public transport to ensure availability.
- **Keep change handy** - If purchasing tickets from a machine, having some Polish złoty in smaller denominations can be helpful, though most machines accept cards.
- **Visit a "Milk Bar"** - If you will have some extra time, experience a Polish "bar mleczny" for an affordable and authentic meal. These canteens serve traditional cheap Polish food and offer a glimpse into the past.
- **Learn a few Polish phrases** - Knowing simple greetings like "Dzień dobry" (Good day) and "Dziękuję" (Thank you) can go a long way in making a good impression.
- **Respect the Culture** - Poles are proud of their history and traditions. Showing interest and respect towards their cultural heritage will enrich your experience.

We wish you a nice stay!
